### 3. HAZARDS IDENTIFICATION

Contains diphenylmethane-4,4'-diisocyanate. Harmful by inhalation, swallowing and skin contact. Irritating to eyes, respiratory system and skin. May cause sensitization by inhalation and skin contact. In case of very sensitive persons low concentrations can cause asthmatic reactions. During use formation of explosive vapour-oxygen mixtures are possible especially on the ground.

### 4. FIRST AID MEASURES

**Inhalation** : Fresh air and rest. Get medical attention if complaint persists.  
**Eyes** : In case of contact flush eyes immediately with plenty of water for at least 15 minutes. Lift eyelids and rinse well underneath them. Get medical attention if irritation persists.  
**Skin** : Remove completely with a dry cloth or paper towel, before washing with detergent and water. Get medical attention if irritation persists.  
**Ingestion** : Rinse mouth with water several times. Consult a physician and show this Safety Data Sheet.  
**Clothes** : Remove polluted clothing.

### 5. FIRE-FIGHTING MEASURES

**Extinguishing media** : Water spray, foam, dry powder or carbon dioxide.  
**Special Fire Fighting procedures** : Use water spray to reduce vapours. Aerosol cans may explode in a fire. Cool aerosol containers exposed to heat with water spray and remove container, if no risk is involved.  
**Unusual Fire & Explosion Hazards** : Extremely flammable. Forms explosive mixtures with air. May explode in a fire. Vapours are heavier than air and may spread near ground to sources of ignition.  
**Specific Hazards** : Pressurised container: Must not be exposed for temperatures above 50°C.

### 6. ACCIDENTAL RELEASE MEASURES

Select leaky cans and dispose as written under paragraph 1'3 „Disposal consideration“.

### 7. HANDLING AND STORAGE
