

TECHNICAL DATA SHEET

ZWALUW SILI-KILL (SILICONE REMOVER)

Zwaluw Sili-Kill is a ready for use paste to remove the residue of cured silicone sealant.

COLOUR: Colourless

PACKING: 100ml pot

PREPARATION

Cut the silicone sealant away as far as possible with a sharp knife. Shake before use.

APPLICATION

Apply the paste thickly on the cured silicone sealant residue. After 20 – 30 minutes the sealant residue can be easily removed with a putty knife or a wooden spatula for vulnerable substrates. If necessary repeat the treatment.

FINISHING

Wash with soap and water and leave to dry.

HEALTH & SAFETY

IRRITANT

Flammable. Irritating to eyes and skin. Vapours may cause drowsiness and dizziness. Keep out of reach of children. Avoid contact with eyes. If swallowed seek medical advice immediately and show this container or label. Dispose of empty packaging correctly.

ZWALUW SILI-KILL TECHNICAL DATA SHEET CONTINUED**LIMITATIONS**
